

MSA Consulting Services

Technical Reporting

March 2010

Introduction

Established in 1983, The MSA Group has grown to become a holistic consulting and contracting company serving the mining and development sectors, primarily in Africa. MSA's core strengths are the design and execution of exploration and evaluation programmes and the analysis, interpretation and presentation of all resulting, and other relevant data, to assist our clients in making meaningful financial and strategic decisions.

MSA Consulting Services

MSA Consulting provides specialist technical and advisory support to the mineral resource industry - from field and mine, through to the board room. The breadth of MSA's Consultant's experience encompasses all minerals, including PGEs, gold, base metals, diamonds, uranium, coal, bauxite, manganese and iron ore.

Our consultants are members of various international professional associations and have reported to the major international stock exchanges. MSA's consulting team have performed studies, reports and audits in the fields of:

- Resource/reserve estimation
- Scoping/conceptual, pre-feasibility and feasibility studies
- Due diligence studies and mineral resource and exploration audits
- Independent laboratory audits
- Technical reviews for M & A
- Mineral project valuations and financial modelling
- Expert witness and court appearances
- Compliant technical reports for regulatory authorities
- Listing documents for international stock exchanges

Some Recent MSA Technical Reports

MSA routinely executes internationally compliant resource and reserve estimate statements and has undertaken Competent/Qualified Persons Reports for the purposes of listing on all major mining exchanges. Some recent examples are:

Year	Client	Country	Report Type	Reporting Code	Stock Exchange / Purpose	Commodity
2010	Red Crescent Resources	Turkey	NI 43-101	CIMG	TSX	Zinc
2010	Lucara Diamond Corporation	Botswana	NI 43-101	CIMG	TSX	Diamonds
2010	BSC Resources	South Africa	CPR	SAMREC	Internal	Nickel
2010	Blackthorn Resources	Burkina Faso	CPR	JORC	ASX	Gold
2010	Uranium Corporation of India	South Africa	Due Diligence	SAMREC	Internal	Uranium
